Start and End of the Day Arrangements

- Please bring your children in through the right hand side gate by the medical office off Clive Avenue.
- The gate will be open at 8:25am. The gate will be locked at 8:35 and no later.
- At the end of the day please wait outside your classrooms in the outside area and we will dismiss the children to you.

Initial Drop offs

At 8.25am the teachers will invite you into the classrooms. You are welcome to help the children with their belongings and get settled in if you feel it will help but we will be locking the gate at 8.40am.

As of 22nd September, we will ask the children to walk in with their teacher independently.

If your child is finding it difficult to come in with the class, we will support them and if they find it difficult to settle, we will call you. Please do not come into our classrooms after this date – this makes it harder for the children!

Summer Holidays!

- We will be giving you some Summer Holiday Homework! Don't panic! They are fun activities to build memories and provide us with a little bit more information about your wonderful children!
- Talk through the 'I am Independent' activity, and practise anything they can not yet do independently to help them be as ready for school as they can be.
- We would also love to hear about what you got up to in your holidays. Please feel free to send in any photographs, cards or holiday souvenirs, so that your children can share them with us. We love hearing about their adventures!
