A little bit about me...

Start and End of the Day Arrangements

- Please bring your children in through the right hand side gate by medical office off Clive Avenue.
- The gate will be open at 8:25am. The gate will be locked at 8:35 and no later.
- At the end of the day please wait outside your classrooms in the outside area and we will dismiss the children to you.

Initial Drop offs

For the first week you are welcome to help the children with their belongings and get settled in if you feel it will help.

We will be locking the gate at 8.40am.

As of 21st September, we will ask the children to walk in with their teacher independently.

If your child is finding it difficult to come in with the class, we will support them and we will let you know when they have settled. After the first week please do not come into the classroom after this as it makes it harder for the children.

Personal belongings – what to bring

- Coat

Summer Holiday homework and other paperwork!

I may not have every answer,
Nor get every moment right,
But I will greet each child with kindness,
And help them learn and shine bright.

I'll listen, guide and encourage,
Through every step they take,
And always keep their happiness
At the heart of choices I make.
