

## West Park C.E. Primary School

### **JULIETTE WEBB – CO-OPTED GOVERNOR & CHAIR**

I currently work at a secondary school as the Learning Resource Manager which helps inform my Governor role hugely. I also have previous experience of Quality Management of documents and processes and as a learning and development consultant. My experience supports the varied aspects of my role as a Governor.

West Park school is a fantastic school to support. The staff are incredibly hardworking and the children and their families are the centre of every decision the school makes. It is a pleasure to work with all at West Park.
