

Claire Watkins – Support Staff Governor

I have had the pleasure of working at West Park School with many wonderful staff and pupils for 18 years. I am married with two grown up sons, who both attended West Park and are now at University.

I was very interested in becoming a Governor, as I felt that with my experience and skills within the Education Sector, I would be able to help the school to continue strive forward and achieve the best possible outcomes.

In my spare time, I am very heavily involved with Goring Cricket Club, where I score for the Men's First XI Team, I also like to socialise with friends and like to go for walks with family and friends.
