

FAY MANGLES—STAFF GOVERNOR

My name is Fay Mangles and I am a qualified Primary School teacher, specialising in Early Years and English and have been teaching for four years here at West Park. As a teacher in Reception, I love introducing the children to school life and structuring the foundations for strong teacher-parent relationships.

I love to read, socialise and bake. I am always willing to learn and keen for a challenge.

I am extremely passionate about the school's children, families and staff. I am really looking forward to working closely with everyone in the governing body to help move our school forward, whilst learning what goes into keeping a working school at its best.
